

Flexible and Affordable Higher Education for You and Your Family!

At Alameda Health System, we value continuous learning and look for opportunities to help our employees grow both professionally and personally. That's why we are pleased to offer a new benefit to you and your family members – access to online degree programs at preferred tuition rates.

- **Learn from the same high-quality faculty that teach on campus**
- **Multiple start dates per year make it more convenient to enroll**
- **Courses last 5 to 10 weeks long**
- **You pay by the course, not by the semester**

Through this new benefit, you have access to a variety of bachelor's and master's degree programs offered by accredited, reputable public universities. Online degree programs are flexible, allowing you to complete your degree at times that are convenient for you.
